LOCAL TALKS.

What Men Prominent and Otherwise, Find Interest To Interests.

Henry Petersen's New Year's Day is a busy day for the Turkish bath establishments. All the young men and old boys who have sworn with pledges "light as air" never to drink during the year, and the girls of the town, who are devoting all the time of their leisure to the shrine of Bacchus, which ends when the old year expires, rush off the following morning and go through varying it and each other an Oriental mirth to their own satisfaction.

The former was committed to jail in default of 100 bonds and the other two were confined on board and furnished with their friends. The case will be called next Wednesday. Detectives Horne and Mahon are at work on the case securing evidence to show that the girls recovered eighteen pieces of sterling silverware and a number of silver knives, forks and spoons.

Ayer's

Sarsaparilla. Your life, or that of some one near and dear to you, may depend on the use of this well-approved remedy in preference to any other preparation of similar name. It is compounded of Honduras sarsaparilla, the variety most esteemed for its medicinal properties, stillwater, mandrake, yellow dock, and the iodium. The process of manufacture is original, skilful, scrupulously clean and such to secure the very best medicinal qualities of each ingredient. This is the true sarsaparilla, not a decoction, but a compound extract, obtained by a method exclusively our own, of the best and most powerful alteratives, tonics, and diuretics known to pharmacy. For the last forty years, Ayer's

Sarsaparilla

has been the standard blood-purifier of the world—no other approaching it in popular confidence or universal demand. Its formula is approved by the leading physicians and druggists. Being pure and highly concentrated, it is the most economical of any preparation. A dose of 100 grains daily of Ayer's Sarsaparilla should assist you in having the well-known name of

A New Departure.

There was considerable excitement at the corner of Sixth street and Pennsylvania Avenue yesterday afternoon about 4 o'clock.

Some one had suddenly dropped a package of 32-caliber cartridges upon the street, and a heavy express wagon passed over them. The bullets from a number of the cartridges exploded and there was a general scattering of the crowd on the corner. The driver of the wagon hardly knew what to make of it, and thought it was an attempted robbery. No one was injured.
